

PEACE EDOGUN

peaceedogun@gmail.com | [LinkedIn](#) | [Portfolio](#)

EDUCATION

B.A. International Studies and Diplomacy
University of Benin, Nigeria - GPA: 3.72 (Second Class Upper Division)

Relevant coursework:

- International Economic Relations
- Regional Cooperation & Integration in West Africa
- Public International Law I & II
- Comparative Political Systems
- Information Management in International Relations

RESEARCH INTERESTS

Sustainable supply chain management, with emphasis on integrating data analytics, trade policy, and ESG principles. Motivated to apply forecasting, optimization, and automation tools to enhance procurement efficiency and promote sustainable global operations.

LEADERSHIP IMPACT

- Recovered 20% supplier overcharges and saved 120+ staff hours/month through procurement automation at Triple E Medical.
- Trained and mentored junior analysts, raising organizational data literacy and fostering inclusive workplace growth.
- Authored thought pieces linking climate policy, trade, and ESG frameworks to practical sustainability outcomes.

PUBLICATIONS & PRESENTATION

- The U.S. Decision to Withdraw from the Paris Agreement in 2025: What It Means for the World. [\(LinkedIn Article\)](#).
- International Trade, ESG, and Sustainability: A Visual Analysis - LinkedIn Article analyzing ESG metrics and global trade flows. [\(LinkedIn Article\)](#)

SELECTED PROJECTS

Debit Note Automation System (Triple E Medical) - Automated reconciliation of supplier overcharges, improving procurement transparency and recovering 20% of excess costs. [\(Live Demo\)](#)

Rent Estimation Web App - Deployed ML model forecasting rents, enhancing market transparency and decision-making. [\(Live Demo\)](#)

Hotel Guest Cancellation Prediction Dashboard - Built predictive tool reducing cancellations and supporting efficient resource planning. [\(Live Demo\)](#)

Jupyter Notebook Analyses (Python & SQL) - Examined growth, market capitalization, and trade flows to inform policy and economic insights (*Notebook*)

PROFESSIONAL EXPERIENCE

Head Data Analyst | Triple E Medical (May 2023 – Feb 2025)

- Designed and deployed debit note automation, recovering supplier overcharges and improving procurement accuracy.
- Built dashboards on supplier performance, sales trends, and product availability, enabling managers to adjust purchasing strategies and reduce stockouts.
- Partnered with finance and procurement teams to validate data, strengthening compliance during audits and improving leverage in supplier negotiations.

Data Analyst | Puljet Konsult (Sept 2022 – Mar 2023)

- Analyzed training schedules and attendance data to highlight inefficiencies and improve resource planning.
- Developed dashboards that tracked course performance and participant outcomes, improving decision-making for training allocation.
- Provided data-driven insights on training utilization, helping management streamline costs and scheduling.

Senior Data Analyst | All Seasons Zenith (Nov 2017 – May 2022)

- Analyzed advertising campaign performance and consumer engagement metrics, providing insights that guided media spend and client strategy.
- Conducted market trend analysis across key sectors, supporting product positioning and resource allocation for campaigns.
- Streamlined reporting processes and trained junior analysts on data tools, improving accuracy and efficiency in client deliverables.

SKILLS

- Quantitative & Analytical Tools: Python (Pandas, NumPy, Scikit-learn, TensorFlow), SQL, Excel
- Visualization & BI: Tableau, PowerBI, Looker, Matplotlib, Seaborn
- Supply Chain Applications: Forecasting, Optimization, Procurement Automation, Inventory Analytics
- Research & Communication: Academic writing, data storytelling, sustainability analysis, policy evaluation

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- Machine Learning Engineering for Production (MLOps)
